LATICRETE® 4-XLT is a multi-use, polymer fortified adhesive built on the new LATICRETE Water Dispersion Technology (WDT) platform. WDT provides for the complete dispersion of water within the mix allowing users to quickly and easily achieve the desired application consistency. LATICRETE 4-XLT offers tremendous utility including non-sag wall installations as well as non slump medium bed build up of up to 19 mm and thin-set applications on floors.
